12 SENTENCES HANDLED DOWN IN COURT TODAY

Thomas E. Smith, 47, New Oxford, was sentenced to 12 months in the Allegheny County Workhouse by the Adams County Court today on charges of corrupting the morals of a minor, indecent assault and contributing to delinquency.

Smith appeared before the court for sentence on the charges after having been removed to the Harrisburg State Hospital on his first appearance before the court last fall. Examination there disclosed no mental troubles and he was returned here for sentence.

A neighbor, Mrs. Moore, of New Oxford, told the court that Smith had discharged a firearm from a window of his home over the head of her children, that he had slapped her children several times and that she frequently had to give Mrs. Smith asylum when she fled the Smith home, when her husband shot at her.

Sentenced After Jail Fight
Charles L. Steward, 24, Arendtsville, was sentenced to 11 to 23 months in the Allegheny County Jail on a charge of aggravated assault and battery brought by Sheriff Dawson R. Miller. He was also ordered to pay the costs and pay for the treatment for a fellow prisoner whom he "cut up" in a jail cell argument over the dice in a monopoly game. Steward said the other prisoner "came around demanding the dice and telling me what he was going to do to me and threatening to throw me over the rail of the second floor cell block and I cut him with a razor blade I'd found in a magazine."

William A. Weikert, Oxford Hotel, New Oxford, was sentenced to 30 days in jail starting March 15, and ordered to pay a \$50 fine and the costs on a charge of driving while under the influence.

John H. Bowling, 28, Fourth St., was sentenced to 30 days in jail and ordered to pay \$50 for the use of the county and the costs on a charge of driving while under the influence.

Md. Driver Sentenced
Bowling told the court he had had a few drinks and, driving home, became aware that his condition was worsening and attempted to pull off the road and park. State police said he was halted on a 45 degree angle across the road, stopping both lanes of traffic and was sound asleep when police reached his car.

Henry B. Eckenrode, Rocky Ridge, Md., charged with driving while under the influence, was also sentenced to 30 days in jail and ordered to pay \$50 for the use of the county and the costs.

Elwood Leo Macklin Jr., 21, of Topeka, Kansas, who said he stole a car at Bedford because he was "tired of hitch hiking" was sentenced to 60 days in jail on a larceny charge involving the removal of a coin box from a soft drink dispensing machine at the Lamont Kane station on the Lincoln Highway west of here. A detainer is lodged against him from Bedford on the car theft.

60 Days For Prowler
Clair B. Warner, Hanover R. 1, who told the court, in response to a question, that he still wonders why he was window peaking, was sentenced to 60 days to six months in the Adams County jail starting March 27 and ordered to pay the costs on a charge of loitering and prowling.

Herbert L. Baker, Fayetteville R. 2, was sentenced to 60 days in jail and ordered to pay the costs on a charge of assault by automobile. A jury had found his guilty of ramming another car with his own vehicle. This morning Baker still insisted he did not drive a car, knew nothing about a pistol that was supposedly waved about, and that he was in Waynesboro, many miles away, at the time of the alleged incident.

Roy L. Wise, 46, Lebanon, charged with driving while under the influence — police said they found him in that condition in the driveway at the police station — was sentenced to 30 days in jail and ordered to pay \$150 for the use of the county and the costs.

Gets 90 Days
Durward Cecil Corvin, Wytheville, Va., was given 90 days in jail starting April 1 and ordered to pay the costs on a charge of malicious mischief. State police said Corvin broke into the Eastern States building near Biglerville and then as he left his car became mired in the mud and he was stuck there until discovered. Corvin was released.

Window Displays For Library Week

Four window displays have been placed in Gettysburg by the Adams County Free Library in observance of National Library Week and there is also a special display at the main library on E. High St.

The window displays on books and library service have been placed at the AAA office and the Bible insurance office windows in Lincoln Square; in the Jack and Jill Shop on Chambersburg St., and the Hi-Fi Center on Baltimore St.

At the main library is a display of photographs made several weeks ago when the county library's bookmobile was taken to the Major John Eisenhower home and was inspected by Major Eisenhower and several of his children. The Eisenhower home was once a bookmobile stop when it was Pitzer's Schoolhouse.

Special bookmobiles also are being handed out this week at the main library.

ASTRONOMER WILL SPEAK AT COLLEGE

Dr. Paul W. Merrill, astronomer at Mount Wilson and Palomar observatories since 1919, will give an illustrated lecture on "From Atoms to Galaxies" at 11:15 a.m. Friday in Christ Chapel at Gettysburg College. It was announced today by Dr. Richard T. Mara, professor of physics.

Dr. Merrill will also discuss "Adventures of a Starbeam" and "Modern Astrophysics" in room 311, Science Hall, Thursday at 4 and 8 p.m. The three talks were arranged by the college physics department through the American Astronomical Society's program of visiting professors. They are open to the public.

Prominent In Research
The astronomer's special research fields are wave lengths of spectrum lines, red and infrared photography and stellar spectroscopy. Author of "The Nature of Variable Stars" and "Spectra of Long-Period Variable Stars," he has held posts at Lick Observatory and the University of Michigan.

He was a National Bureau of Standards physicist during World War I.

A member of the National Academy of Sciences, he was awarded the Henry Draper medal in 1946. He was president of the American Astronomical Society 1956-58 and holds membership in the Philosophical Society, the Physical Society and the Royal Astronomical Society.

BULLETINS
HARRISBURG (AP) — Gov. Lawrence today agreed to a compromise on his stalled 3 1/2 per cent sales tax proposal in an effort to win final legislative approval of the plan, possibly by the end of the week.

The compromise would remove proposals to extend the tax to auto trade-ins and sales of alcoholic beverages over the bar. As amended it would boost the tax from the present 3 per cent to 3 1/2 per cent.

HARRISBURG (AP) — Dauphin County Court today upheld the legality of a legislative committee probing a Knox Coal Co. mine disaster which still has 12 men trapped.

Acting President Judge William H. Neely said the court found no evidence that the 10-member committee was illegally formed by a resolution rather than a law.

BOY CAUGHT HERE
Robert Fox, 15-year-old Baltimore youth, was picked up by borough police on Lincoln Square Sunday evening at 5:45 o'clock and placed in detention at the county jail to await his return to the Parkville, Md., Training School. Fox and seven other boys escaped from the Maryland institution Saturday night. When found here he had seven boxes of frozen fish which he told police he had secured from an ice box and seven bars of soap which he said he had picked on up the street.

\$2,300 DAMAGE, THREE INJURED IN 2 MISHAPS

Three persons were injured and damage totaled \$2,300 in two automobile accidents investigated by state police over the weekend.

Saturday night at 11:15 o'clock an auto and truck collided four miles north of here on the Biglerville Rd.

State police said Berman Beamer, 45, Aspers R. 1, was operating a truck north and Frederick F. Graeff, 32, of 231 Hanover St., was driving a car south when, according to police, Beamer's vehicle crossed the center of the highway and the two vehicles collided.

Damage was estimated at \$1,200 to Graeff's car and \$300 to Beamer's truck. No one was reported injured. Police are continuing their investigation.

The other accident occurred at 4:30 o'clock Sunday afternoon two miles south of Dillsburg on the Harrisburg Rd.

Chain Of Crashes
According to state police three cars were driving north, Maurice H. Johnston, 19, of the Naval Supply Depot, Oceana, Va., stopped his car for traffic ahead. Alfred M. Delp, 43, Idaville, following Johnston, slowed his car preparatory to stopping. Mrs. Jessie M. Carter, 46, following Delp, was unable to slow her car quickly enough and it ran into the rear of the Delp auto forcing it into the rear of the Johnston car. Damage totaled \$400 to the Carter car, \$220 to Delp's vehicle and \$200 to Johnston's auto.

Mrs. Carter suffered lacerations of both knees and some loosened teeth. Her husband, Harvey Carter, aged 50, had several lacerations. A passenger in the Johnston car, Jack Hiscok, 19, of Naval Supply Depot, Oceana, Va., suffered bruises of the forehead. The injured were removed to the Harrisburg Hospital by ambulance for treatment there.

LITTLE ROUND TOP IS CLEANED BY PHI DELTS

Sixty-two members of the Gettysburg College chapter of the Phi Delta Theta fraternity have completed, in more than 155 work hours, the clean-up of the western slope of Little Round Top on the Battlefield which had become overgrown with brush and trees.

The job was done as the chapter's third annual community service project.

The undergrowth had been cut some time ago by National Park maintenance crews but had not been removed because of lack of available manpower. Park Superintendent James B. Myers explained that the clearing had been done in line with the service's policy of trying to keep the Battlefield area as nearly like it was in 1863 as possible. "We had no choice," he said, "but to leave this debris where it fell. In five years or so most of it would have rotted, but it would have continued to be an eyesore, marring the beauty of that portion of the field."

Myers said that "thanks to this project, Little Round Top is again one of the most beautiful scenes on the Battlefield."

To Burn Brush
Plans were to burn the accumulated brush Saturday but the weather interfered. It is expected that it can be burned early this week.

Myers said that an area of from eight to ten acres had been cleaned. "It was a sizeable job these fellows did," he said. The slope is strewn with large boulders so that it is not possible to use power equipment to keep down the brush growth. The superintendent said that having the area cleared now should make it possible for park employees to keep down new growth with chemical control materials.

Unlike Big Round Top, Little Round Top was not wooded in 1863 at the time of the Battle of Gettysburg. Records indicate that it had been cut over in 1862.

SUES FOR DIVORCE
Frances Louise Orner, Bendersville, is seeking a divorce from Richard Donald Orner, same place, on grounds of infidelity according to a complaint in divorce filed in the prothonotary's office for Mrs. Orner by Attorney Richard A. Brown. The couple was married in September, 1946, at Hagerstown.

IN COUNTY JAIL
Patrick Daley, Camp Hill, was turned to Adams County authorities Saturday on a morals charge. He had previously been in York County jail on another charge and was turned over to Adams County on the morals charge before Justice of the Peace John H. Base-hore.

President Visits Dulles In Hospital At Noon; See Early Decision On Dulles Future

By JOHN SCALI
WASHINGTON (AP)—President Eisenhower visited ailing Secretary of State John Foster Dulles at Walter Reed Army Hospital today. An early decision appeared probable on how long Dulles will remain in the Cabinet.

Eisenhower went directly to the hospital after arriving by plane from Augusta, Ga., where he has been on a golfing vacation.

Allen W. Dulles, head of the Central Intelligence Agency and brother of the secretary of state, arrived at Walter Reed five minutes after the President.

Aides There
Already with Dulles were his State Department aide, Joseph N. Greene, and his secretary, Phyllis Bernau. They had gone to the hospital earlier in the morning. Among other things, they brought with them an electric typewriter. Eisenhower grinned at newsmen and photographers as he stepped out of his limousine at the end of the 30-minute drive from the airport to the hospital.

"How'd all these photographers get up here?" he asked. Then to Maj. Gen. Leonard Heaton, the hospital commandant, and waiting hospital aides, he added:

"How did you get out here?" Eisenhower was accompanied by his chief aide, Wilton B. Persons, Press Secretary James C. Hagerty and Maj. Gen. Howard Snyder, the President's personal physician.

Dulles Came Sunday
Eisenhower had already arranged for a 24-hour return to Washington before Dulles flew back from Florida to re-enter the hospital.

The 71-year-old secretary, a world-renowned figure in diplomatic battles against the Soviet Union for six years, re-entered the hospital Sunday afternoon.

Looking haggard and considerably underweight, Dulles cut short his Florida rest stay to undergo a new head to toe check-up to determine what could be done to arrest the cancer.

Many of his worried aides glumly reported that barring a medical miracle Dulles probably would have to lay aside the foreign policy chores he loves so dearly.

The President was reported still hopeful that Dulles could serve as special adviser, at least, during the Big Four foreign ministers conference on Germany. This is to open in Geneva May 11.

Feels "Pretty Good"
"I feel pretty good," Dulles told newsmen at the airport as he walked slowly down the ramp from the President's plane.

Fred Tipton, 150 Hanover St., reported to borough police Sunday morning that his car had been struck while parked in front of his home. He told officers the left rear taillight and fender were damaged.

HOT RODS TO MEET
The "Fly-Wheels," Gettysburg's "hot rod" club, will meet Sunday afternoon at 2 o'clock in the first sheet metal building on the right hand side on Race Horse Alley east of N. Stratton St.

By TOM OCHILTREE
GENEVA (AP) — The United States and Britain asked the Soviet Union today to agree to a prompt controlled suspension of nuclear weapons tests on or near the surface of the earth—leaving the problem of other types of blasts for later negotiations.

Informants said the proposal provided for splitting up the test suspension problem. It was advanced as the three-power talks resumed after an Easter recess.

First Soviet reaction was reported to be negative. Under the new Western plan, agreement would be reached at once on banning surface and atomic nuclear tests — the ones which cause dangerous radioactive fallout.

He even managed to joke about the weather, a windy mixture of sleet and rain. In appearance, however, Dulles was a far cry from the rugged 185-pound New Yorker who broke all travel records during his six years as secretary of state.

His complexion was ashen. His gray topcoat hung loosely on his frame. Newsmen who have covered his activities for years estimated he had lost 15 to 20 pounds.

Greeted By Nixon
One of his top aides said Dulles has not yet submitted a resignation. But, this official thought, some sort of "clarifying announcement" might be issued within a few days.

Acting Secretary of State Christian Herter, who joined Vice President Richard M. Nixon in meeting Dulles at the airport, was reported to be Eisenhower's choice as Dulles' successor if Dulles quits.

Solon Frowns On Billboard On Battlefield

MILWAUKEE (AP) — Rep. Henry S. Reuss (D-Wis.) drew a head on a billboard a few feet from a sharpshooters monument on the Civil War battlefield at Gettysburg.

The monument is dedicated to Company G of the Wisconsin Volunteers, part of a picked group of Union sharpshooters in the Battle of Gettysburg. It shows a life-size figure of a sharpshooter with a rifle. Right next to it is a sign advertising a restaurant-motel at Gettysburg.

Reuss said he has written a protest to the owner of the motel, asking him to remove the "unsightly" billboard as a favor to the state of Wisconsin.

Furthermore, Reuss has suggested that other signs, souvenir shops and the like be cleared out of the Gettysburg National Military Park.

YORK SPRINGS HIGH ALUMNI HOLD BANQUET

Dean R. Hoffman, Dover, was elected as the new president of the York Springs High School Alumni Association at the organization's annual banquet meeting in the cafeteria of the York Springs Elementary School Building Saturday evening. The retiring president, Melvin Prosser, presided with 265 present. A roll call showed 160 of those present were former grads. It was the 35th annual gathering of the alumni.

There were talks by the Rev. Amos D. Meyers, supervising principal of the Bermudian Springs Joint School district; M. Francis Coulson, assistant county superintendent of schools and a York Springs alumnus, and Leonard Myers, who brought greetings from the East Berlin High School Alumni Association.

The Rev. Mr. Meyers was given a rising ovation by the gathering for his services in the building program for the new Bermudian Springs High School. He told the group the new school should be ready for use in a year and a half.

While snow is rare here in April, no snow ever has been measured here in May, local records show.

APRIL SNOW IN '28 CAUSED HEAVY DAMAGE

The last April snow of comparable size to Sunday's fall caused a lot more excitement and inconvenience than did this week's white blanket of which only traces could be found this afternoon.

The Gettysburg Times on April 28, 1928, told of the troublesome snow this way: "Belated Snow Storm Isolates County; Hundreds of Poles Down; Fruit Safe."

The news story said most normal activities had been "paralyzed" by the snow of the night before when most of the county was in darkness for five hours and Gettysburg and the county were isolated from the outside world.

Heavy Damage
The damage from the storm was estimated at between \$100,000 and \$500,000. The Bell Telephone Company reported 300 poles down between Biglerville and Arendtsville and the Cumberland Valley Company said it had about 250 poles down. The Lincoln Highway between Gettysburg and Chambersburg was blocked by fallen trees and wires. Hundreds of telephones were out of service.

Fruitmen said buds were not damaged by the snow but some trees had been broken down by the weight of the snow.

Members of the Class of 1928 at Gettysburg High School had particular reason to remember the snowstorm. They were giving their annual senior play the night of the 27th to raise funds for their Washington trip. The lights went out and the seniors finished their play under the dim glow of the emergency lighting system which itself failed as the play crowd left after the final curtain. The play was "Come Out of the Kitchen."

"MAN AT THE GATE"

In any kind of weather . . . you will find him at the gate . . . checking admission cards . . . of those who cannot wait . . . this man is always cheerful and . . . considerate to all . . . and yet he is alert to catch . . . infractions large or small . . . his manner and appearance is . . . the badge of what he guards . . . and so he must be careful to . . . display the highest cards . . . his job is not an easy one . . . on him so much depends . . . he must be fair and square to all . . . in this way he makes friends . . . and so I write this verse to praise . . . the man who guards the gate . . . un-sung, and yet his value is . . . so hard to estimate.

COUNCIL OK'S
STREET NAMES
IN FAIRFIELD

Four streets in Fairfield, Main, Centennial, Water and Franklin, will retain their present names but the others in town will be changed, the borough council has decided. Acting on recommendations of a committee of citizens which had made a study of street naming, the council decided last week that Railroad Ave. and Washington St. shall henceforth be Miller St., so named in honor of the town's founder.

Chestnut St. will become Balder. It extends from the property line of the Fairfield Improvement Corp. to Franklin St. The new name memorializes Lt. Christian Balder, the only soldier in the Civil War to be killed in Fairfield. He died in the then Swope house after having been shot nearby July 3, 1863.

South St., from Main St. to the borough line, is renamed McGinley Drive, for an early prominent family. Alley No. 19 from McGinley Dr. to Alley No. 12 becomes Steelman St., named for John Hanson Steelman, reputed to be the first white man west of the Susquehanna River, who traded with the Indians in the Fairfield area.

Regains Name
Alley No. 12 also gets a name, Spring St., that being the name that was given it by William Miller when he had the plot for the town surveyed in 1801.

Thaddeus Stevens, who with others built and operated Maria Furnace near Fairfield in the 1820's and later gained renown for "Stevens's Tapeworm," a projected railroad, the bed for which was prepared in mid-19th Century, is remembered with Stevens St., the new name for Short St., which runs from Main to Franklin.

McGinley Dr. and Spring and Stevens Sts. will have their new names officially when the council ordains them, an action which it is expected will take place in the near future.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

ONE HUNDRED YEARS AGO
Mr. Nicholas Codori has sold a lot of about five acres, north of town, to Mr. John Kuhn, for \$650. Mr. Kuhn has opened a Brick Yard thereon.

Accident: The train from the East due on Saturday afternoon did not reach here until night. The engine ran over a cow near Mrs. Brough's and was thrown off the track. It required several hours to get it on again. It received no injury. The cow that was killed was a very valuable one, and belonged to Mrs. Brough.

Recruiting Stopped: On pursuance of orders from the War Department, the recruiting service throughout the United States was discontinued on the 20th ult. The ranks of the Army are now not only full for the first time in twenty years, but there is a considerable surplus of recruits from which to fill future vacancies. The unusual prosperity of the recruiting business may be attributed partly to the depressing effect of the financial revolution, but mainly to the increase of the soldier's pay about four years ago, up to the recently remunerative standard of eleven dollars per month for foot and twelve dollars for cavalry service.

Married: On the 5th inst. at the Parsonage in Arendtsville, by the Rev. L. J. Bell, Mr. Stephen Frazer to Miss Julia Ann Miller — both of Petersburg (York Springs).
On the 29th ult. by Isaac Robinson, Esq., Mr. George Sanders to Miss Catherine Herring, all of Hamiltonban township.
On the 7th inst. by the same, Mr. Alfred Cover to Miss Rosanna Metz, all of Hamiltonban township.

A Blacksmith Wanted: The Blacksmith-stand at McKnightsville, six miles from Gettysburg, on the Chambersburg turnpike, is vacant and the subscriber wishes to employ a blacksmith to carry on the business there in all its branches. He must be a single man, sober and industrious. Henry Munshaur. (Adv.)

SEVENTY-FIVE YEARS AGO
Local Items: Ex-Sheriff Joseph Spangler has opened a first-class Grocery Store on the Diamond. Esquire S. S. W. Hammers, of Highland township, issues the first No. of "The Country Boy" to be published monthly at 50 cents a year. The initial number is strong for Protection and Temperance.
The snow was 10 inches deep in Emory Grove Wednesday and drifts five feet deep were encountered by the evening train from Baltimore. Wednesday was one of the most unpleasant days this season—snow, sleet and rain, and high wind.

The election for officers of the new borough of McSherrystown took place on the 5th. The only contest was for Burgess, Samuel S. Johns receiving 51 votes and Ambrose Eline 46. The other officers were elected without opposition: Town Council, Daniel Fink, V. J. Timmins, F. X. Smith, Dr. G. L. Rice, John A. Poist, Francis Conrad; Justices of the Peace, Emanuel Bunty and Thad. A. Smith; Judge, John L. Daugherty; Inspectors, Wm. Sheffer, David M. Johns; Assessor, Lewis Krichen; School Directors, Wm. G. Poist, C. D. Smith, William Mummert, Charles Bunty; Lewis Small, J. V. Stambaugh; auditors, E. J. Owens, Michael Sheffer, Jeremiah Johns; Constable, David Martin.

Test Of Water Works: On Friday, under direction of the Town Council, satisfactory tests of the water supply were made. A section of hose was attached to the water-plug at corner of Baltimore and High streets, and a steady stream was thrown through a three-fourth inch nozzle.

The stream reaching to the eaves of the roof of the Presbyterian church and this being the highest point there can be no difficulty in the use of the plugs in the other parts of the town. The plug

Today's Talk

THE BEST OF LIFE

Sir William Mulock, arriving at the age of 95; kept right on with his work and happy purpose. He said: "The enchantment of (memory) is not yet behind me. It is before me still, and daily I catch glimpses of its battlements and towers. The rich spoils of memory are mine. Mine, too are the precious things of today — books, flowers, pictures, nature, and sport. The first of May is still an enchanted day to me. The best thing of all is friends."

Yes, the best of all can be friends. But we must never lose our interest in the "common" things that have done so much to make our lives notable and interesting to others. Even in the advancing of the years we must glory in them and keep our vision tuned to that which is yet to be. There is so much that should be treasured in the heart. What we say and do remain in the world far longer than we suspect. We even live in others and help to make their lives full of kindly deeds and memories. Nothing worthwhile ever dies. I know the books, and characters of the hundreds of people who silently whisper to me as I work in my library. There is reality to them for me.

Anticipation should travel hand in hand with achievement. Phillips Brooks once said, "We must not be so lost in the work of the earth that we shall not be inspired by the hope of heaven." Our ideals should always travel far ahead of our daily pace. The best of life should be ever in our view, inspired by an immortal urge. Never allow those dreams of yours to fade out, or die. Carry them with you and put your trust in them as a vital force in your life.

Tomorrow Mr. Adams will talk on the subject: "That Helping Hand".

Just Folks

MAPLE SYRUP TIME

The sap will soon be running, and the farmers soon will go with their axes and their kettles to the woods to get the flow. Soon the syrup and the sugar will be coming in once more. Soon the "almost-pure" and "near-stuff" will be peddled at the store.

Soon the country kids will gambol
Round the kettle as it boils,
And will eat their fill of sugar
While the kind old farmer toils.
Soon I'll sigh for maple syrup
Like I used to get of old,
But I'll only get the "near-stuff"
That the grocer's clerk has sold.

on York street, opposite the Globe Inn hotel, was next tested, a similar stream being thrown on to the roof of the hotel. With plugs judiciously distributed over town and an adequate supply of hose most of the buildings can be reached without the use of fire engines. With good engines and an abundant supply of water, Gettysburg will have, what is long needed, reasonable protection against disastrous fires.

Arendtsville Items: We understand that the two townships interested in the building of the bridge across Conewago on the road leading from this place to Bendersville, having complied with the requirements of the Commissioners, now make the building of the bridge a fixed fact, and we understand it will be after the next harvest.

On last Thursday morning snow lay on the mountain back of this place in drifts to the depth of four feet, and portions of it was there yet on Saturday morning.

VETERAN ACTOR DIES ON SUNDAY

HOLLYWOOD (AP) — Vinegary little Jimmy Gleason, an actor for most of his 76 years, died Sunday night after an illness of almost a year.

Gleason was noted for his dour humor and his masterful double take — talents which took him from the New York stage through more than two decades of Hollywood films.

His first role was being carried onstage in a play—at 2 months of age.

His last film role was as one of Spencer Tracy's political cronies in "The Last Hurrah." Many of his films are being shown now on television, including the Joe Palooka series, in which he played a fight manager.

In addition to acting, Gleason was also a producer and the author of two plays produced in New York. His film roles include

News From Nearby Counties

WASHINGTON COUNTY

The Boonsboro Bowling Alley has been broken into so often that the proprietor, Neal B. Kitchen, has adopted a system to prevent heavy losses in both money and property damage when burglaries occur.

Deputy Sheriff Donald Horine, who investigated the breaking and who investigated the fourth breaking and entering of the year Friday, said the loss was only about \$150 this time.

He said Mr. Kitchen's greatest losses were from theft and damage to coin operated machines. Every night before closing now he opens the machines and removes the day's receipts. He leaves the machine open with the coin box in full view.

The thief or thieves may see for themselves that no money is available before a start is made to break the machines apart.

Deputy Horine said the place was entered through a window.

Bullet Lacrosse Team Bows 8-7; Dickinson Here Wednesday At 2

A goal by Don Sudbrink with but 40 seconds of play remaining enabled the strong unbeaten Towson State Teachers College lacrosse team to nip the Gettysburg College stick-wielders here Saturday afternoon on a rain-swept field 8-7. It was the opening game for the Bullets who are starting their second year of lacrosse.

Towson struck quickly on goals by Joe Tischer and Dave Ford before the Bullets got underway on a goal by Andy Johnston after eight minutes. A short time later, Dick Simpson tied the count but shortly before the period ended Bob Hucceba put the visitors on top 3-2.

Ford and Fischer registered goals for Towson to start the second period and again the Bullets bounced back on goals by Johnston and Simpson.

Ford and John Doub tallied for their respective teams in the third period.

Roger Jackson ran the length of the field to score for Gettysburg early in the final round to tie the score but the Teachers bounced back on a goal by Anderson. Again Jackson, who replaced Simpson who was injured, tied the score with 5 minutes remaining. Sudbrink then scored with 40 seconds left to send the Bullets down to defeat.

On Wednesday the Bullets meet Dickinson, Class C national champions, here at 2 o'clock.

YOUNGSTER COPS TOURNEY

LAKE CHARLES, La. (AP) — Professional golf's increasing brigade of talented youngsters got a new member today in Hugh Royer of Columbus, Ga., and his credentials included a victory in the annual \$5,000 Lake Charles Invitational Tournament.

The 22-year-old product of the University of Georgia came home in front by three strokes Sunday with a 72-hole total of 278.

Although Royer faltered somewhat in the closing round, he withstood the charge of old pro Dick Metz, the defending champion, who tied another newcomer, Mason Rudolph of Clarksville, Tenn., at 281.

Sicks Is Fourth

Ivan Sicks of Lake Charles took fourth place with 283 Charles Harper of Columbus, Royer's tutor for the last four years, finished fifth at 285.

Royer's par-matching 72 in the final round was his only journey out of the 60s in the tourney. His winning 278 set a tournament record, knocking one stroke off the performance by host pro Gray Little in the 1954 renewal.

CHISOX LOOK GOOD IN WIN OVER TIGERS

By JOE REICHLER

Associated Press Sports Writer

Three days don't make a week, let alone a season but it sure looks today as if the Chicago White Sox have the two ingredients they lacked most last season. That would be home run punch and strong relief pitching.

It was this combination that helped them win their third straight Sunday, a 5-3 decision over Detroit. The home run punch was provided by rookie Norm Cash. The relief pitching was furnished by rookie Rudolfo Arias and sophomore Bob Shaw. Each came in to stifle a Tiger threat with the bases loaded.

Chicago's three in a row has the club alone at the top of the American League heap. Three other teams still are undefeated.

Cleveland has won two and Washington and New York one each.

Yanks Nip Sox

The defending champion Yankees finally were able to open their season at Yankee Stadium. They just did get the game in, too. It began to snow almost immediately after they had nipped the Boston Red Sox 3-2.

None of the other teams was as fortunate. Rain forced the postponement of the scheduled doubleheader between Baltimore and the Senators at Washington and the single contest at Kansas City between Cleveland and the Athletics.

Weather cut the national league schedule in half, too. In the only games played, San Francisco made it three in a row over St. Louis, 6-3, and Los Angeles downed the Chicago Cubs 5-3. It rained in Philadelphia where the Cincinnati Reds and Phillies were to have played two games, and it snowed in Pittsburgh, postponing the Milwaukee-Pirates single contest.

Lollar, Cash Shares Honors

Veteran catcher Sherm Lollar shared the hitting honors with first baseman Cash for the White Sox. Each drove in two runs. Cash's homer gave the White Sox six in three games. The 1958 Chicago team hit only 101 all year.

If took fine relief pitching by Arias and Shaw to keep the White Sox undefeated. Detroit loaded the bases with only one out in the seventh against starter Dick Donovan. Arias, a Cuban left-hander, came in to get clean up batter Gail Harris on a called third strike and pinch hitter Gus Zernial on a fly to right field.

Detroit loaded the bases again in the eighth with only one out. This time Shaw took over an dogged Eddie Yost to ground into a double play.

Bob Turley didn't need any help from the bull pen as he spun a two-hitter to get the Yankees away winging. Pete Runnels' double in the seventh and Vic Wertz's ninth inning single were the only hits Boston was able to get as Tom Brewer lost on an eight-hit Norm Siebern, sporting glasses for the first time, led the Yankee attack with three hits. His home run in the eighth snapped a 2-2 tie.

NO PRESSURE, PIAA ASSERTS

HARRISBURG (AP)—The PIAA has challenged allegations it tried to pressure the state into spending more than \$100,000 for basketball facilities in the Pennsylvania Farm Show Building here.

"The pressure, if any, came from other sources," declared the PIAA Board of Control.

Its was made public Saturday in the PIAA magazine "The Pa-athlete."

The PIAA has been criticized for holding the Chester - Farrell state championship basketball playoff in Philadelphia instead of Harrisburg.

Executive Director Mark N. Funk has said his staff was insufficient to make arrangements for ticket sellers, ushers, police, parking lot attendants and janitors.

He said the Farm Show Commission had asked the PIAA to provide such facilities if the new farm show basketball floor were to be used.

The Legislature has been asked to investigate the PIAA.

MUNHALL HIGH WINS

UNIVERSITY PARK, Pa. (AP) — Munhall High School won the PIAA rifle championship Saturday at the Pennsylvania State University target range with a perfect score of 1,000.

Runners-up were Upper Darby with 997 points, and Bradford High with 991.

The five marksmen of the Munhall who shot perfect 200s were Nancy Wilson, Sydney Robbins, Nancy Faurett, Brownie Evans, and Susan Darsey.

Yanks, Athletics Swap 4 Players

KANSAS CITY (AP)—Shortstop Mike Baxes and outfielder Bob Martyn, both utility men, were traded by the Kansas City Athletics Sunday to the New York Yankees for two rookies.

The A's also sent along an undisclosed amount of cash to get shortstop Tom Carroll, 22, and outfielder Russell Snyder, 24, from Richmond, the Yanks' farm in the International League.

Baxes, 28, started last season as the Athletics' second baseman, but he was used sparingly after a mid-season injury and hit only .212 in 73 games. Martyn, also 28, batted .278 in 95 games.

Carroll had a .289 batting average with Class AAA Denver and .278 with Class AA New Orleans last season. Snyder batted .285 with New Orleans.

Both Baxes and Martyn were assigned by the Yanks to Richmond.

GIANTS DO IT AGAIN IN NINTH AGAINST CARDS

By JOE REICHLER

Associated Press Sports Writer

The ninth inning wonders are back in business.

It was a year ago that the San Francisco Giants began an intriguing habit pulling out games in the final inning. Nearly a third of their victories were achieved thus.

The 1959 season is only in its infancy and already the Giants have won two of their three games in the closing frame.

They did it for the second time Sunday, scoring three in the ninth to defeat the St. Louis Cardinals for the third consecutive day. The score was 6-3.

Giants In Lead

Sunday's triumph moved the Giants into first place, a half game in front of the Milwaukee Braves, who won the only two games they have played. Snow prevented the Braves from playing their scheduled game in Pittsburgh.

In the only other league action, Los Angeles defeated Chicago 5-3. The scheduled doubleheader between the Cincinnati Reds and the Phillies in Philadelphia was postponed because of rain.

Weather permitted only two games to be played in the American League. Chicago's White Sox made it three in a row over Detroit with a 5-3 triumph. New York's Yankees, after two postponements, finally got under way and edged the Boston Red Sox 3-2. Rain washed out the scheduled twin bill at Washington between Baltimore and the Senators, and the single game at Kansas City between Cleveland and the Athletics.

Cards Start Strong

For one inning it looked like the Cardinals might finally win their first game of the season. They scored three runs in the first against left-hander Mike McCormack on hits by Don Blasingame, Gino Cimoli and Ken Boyer plus three Giant errors.

The Giants tied the score with two in the fifth after scoring one in the third. Then, in the ninth with two out, Orlando Cepeda's triple drove in Jim Davenport, who had beat out a bunt to Cardinal pitcher Vinegar Bend Mizell. Felipe Alou iced the game with a home run.

Al (Red) Worthington, with two hitless relief innings, was credited with the victory.

Klipstein Wins

The Dodgers, like the Giants, also overcame a 3-0 deficit. The Cubs got to starter Sandy Koufax for four of their eight hits in the third to score all their runs.

Los Angeles got two runs back in the fourth on rookie catcher Norm Sherry's two-run single. In the seventh, outfielder Don Demeter slammed a home run with Charley Neal on base to put the Dodgers in front 4-3.

Johnny Klipstein, who permitted only one hit in three relief innings, was the winner although Clem Labine helped him with three scoreless innings.

Marsh rolled a 725 single series Sunday, including a jandicap of 48 pins. His actual pinfall of 677 also was the highest. In the all events competition his total was 2003.

Other leaders included: Class B doubles, B. Reeder and B. Steiber, Newtown, 1384.

Class A teams, Freda's Trucking Co., Braddock, 3128.

Class B doubles, E. Gibbs and R. Gregory, Collingdale, 1248.

LEAD WOMEN'S GOLF TOUR; TIE SCORE BROKEN

BEAUMONT, Tex. (AP)—Betsy Rawls, the husky former Texan with the talented golf swing, led the women's tour in tournament victories today as the caravan headed toward Dallas and the \$10,000 Civitan Open.

Miss Rawls won the \$6,000 Babe Zaharias Open Sunday by overtaking Louise Suggs, another golfer seeking her third tournament victory.

Miss Rawls, who plays out of Spartanburg, S.C., and won the Lake Worth, Fla., and Columbus, Ga., opens on the winter tour, would win with 215 for 54 holes to bag first money of \$997.50. She is the only player winning more than two tournaments.

Miss Suggs, the veteran from Sea Island, Ga., won second money with 218 and was two strokes better than Marlene Bauer Hagge of Pittsburgh, who wound up third with 220.

Mickey Wright had 224 for a tie for fourth place with Jo Ann Prentice of Birmingham and Joyce Ziske of Milwaukee and it kept the blonde from Bonita, Calif., in the lead in money winnings for the year. Miss Wright has not taken down \$4,273.87.

CHICAGO SOX SWEEP SERIES FROM DETROIT

DETROIT (AP) — Those Go-Go White Sox are going places, says Manager Al Lopez.

"This is the fast start we've been looking for," said the Chicago manager after his club completed a sweep of a three-game series against the Detroit Tigers. "Beating a club as good as Detroit three in a row can do wonders for a club like the Sox."

Lopez has been a runnerup to the New York Yankees seven of the eight seasons he has been an American League manager. Always the optimist, Lopez contends each spring that his team is capable of beating out the Yankees.

This year, the Sox skipper is depending on a pair of green rookies, neither of whom has had as much as two full seasons in the minor leagues.

"They can make or break us," said Lopez.

Lopez is talking about Norm Cash, a 24-year-old outfielder who was handed the first base job, and John Callison, a left fielder who just turned 20.

Cash hit his first major league home run in Sunday's 5-3 victory.

"These guys aren't just experiments," said Lopez. "Cash and Callison are regulars. They've strengthened our club enough so that I think we can win the pennant."

"Why shouldn't I talk pennant? We got off to a lousy start last season and the Yankees had an unbelievably good one. In the last half-season, we outplayed every other team in the league. Now, with the kind of a start we got here in Detroit, this could be our year."

BAD WEATHER HITS BASEBALL

By THE ASSOCIATED PRESS

The weatherman didn't win friends, influence people or make any money on attendance for major league baseball's early weekend start this season.

The major's scheme to begin the 1959 season five days early to get the attendance gravy from an extra weekend ran afoul because of cold and rainy weather in most major league cities.

The American League attracted 108,459 and the National 132,191 for a combined total of 240,650 for ridday through Sunday. This was far off the \$35,476 combined total for the first 1958 weekend.

Los Angeles' baseball opening beed the 1958 total. The Dodgers, playing in the mammoth coliseum, drew 167,209 fans for a three game series with San Francisco.

There were 12 games postponed over the weekend by rain, snow or cold including doubleheaders in Baltimore and Philadelphia. Only two single games were washed out in 1958.

Out To Set New Shot-put Record

PHOENIX, Ariz. (AP) — Dallas Long thinks he should break the existing world shot put record this year by at least 3 1/2 feet.

That may sound like a high ambition for an 18-year-old university freshman. But Long has some facts and figures to back up his words.

During an exhibition in Phoenix Saturday night, Long pushed the shot 64-feet 6-inches, bettering Parry O'Brien's world record by 16 inches.

On three other attempts the 6-5, 245-lb. youngster topped the world mark of 63-feet 2-inches.

The young University of Southern California student said he should hit at least 66 feet this year.

High Jumper Will Receive Skin Graft

BOSTON (AP)—A skin graft to speed the healing on his left foot has been ordered for world record high jumper John Thomas of Boston University.

Thomas was sent back to Massachusetts Memorial Hospital from the BU Infirmary Saturday by Dr. Chester Howe after he examined the foot John caught in an elevator door March 24.

Thomas bettered the recognized world high jump mark in February with a leap of 7 feet 1 1/4 inches.

Dr. Howe said Thomas would be hospitalized about five days before the grafting would be done, then would remain another week to 10 days.

FINSTERWALD TAKES WIN AT GREENSBORO

TV SPONSORS FLOCKING IN FOR THIS FALL

NEW YORK (AP) — The three major television networks already are signing up sponsors left and right for next season.

A year ago, when the economy was soft, network executives were worriedly scrambling for advertisers. Now trade sources report that it will soon be standing room only for network shows.

Cigarette companies are expected to invest 100 million dollars in TV — an all-time high for the medium. This year they spent 70 million.

Vastly Changed

Variety, show business journal, says only about 30 million dollars in network time remains unpurchased. The automotive industry is expected to take up most of this.

A year ago the networks had well over 100 million dollars worth of unpurchased prime viewing time.

It's too early to say yet exactly what this prosperity means to the individual viewer in the way of entertainment.

Talk Of "Specials"

But next year appears in general to be a perpetuation of this year's programming trends. "Peter Gunn" appears to be setting style in half-hour shows of murder accompanied by music.

There is a great deal of talk about "specials," which attracted many advertisers this year. But a "special" can encompass almost anything of hour length, and it's too soon to spot a trend.

"Playhouse 90" will be on CBS-TV every other week, alternating with a new 90-minute series "Biography." That is one encouraging outlook.

Building Backlog

Except for the offerings of National Telefilm Associates and Screen Gems there is no fresh source of feature film material visible as the summer season approaches. In the New York area it's rare to see an old movie feature that was not visible within the previous six months.

Paramount and other West Coast studios have been experimenting with sound tracks on old silent films. But TV sources say they are not enthusiastic about the idea.

Thanks to the innovation of tape, TV is beginning to build its own backlog of material which might be marketed for re-runs.

Plays 50 Hours In Ping-pong Contest

LOS ANGELES (AP) — Has a University of Southern California freshman ended or just begun the latest in silly season rages?

Thayer Holbrook, 19, halted a 50-hour ping-pong endurance contest Sunday night because "I have classes in the morning."

During the marathon Holbrook won 165 games and lost 138 against a dozen opponents.

They made their pitch to the Senate Budget Committee last week, asking for as much as 71 per cent more than aid granted in the 1957-59 biennium.

Sen. George B. Stevenson (R-Clinton), committee chairman, said the senators have asked for more information on the institution's requests.

Getting The Facts

"We're simply in a fact-finding phase now," Stevenson said. "We haven't gotten together as a committee to talk over the appropriations. We'll do that later after we complete hearings."

The committee is making a department-by-department, agency-by-agency, board-by-board survey of the administration's \$1,907,000, 000 (B) educational budget proposal for 1959-61.

The universities and teachers colleges presented these arguments to back up their demands:

Salaries Too Low

Low salaries for teachers are putting them in an unfavorable position in the competition with industry and universities in other states for the top brains; inflation has affected them as well as the working man; buildings and equipment are getting rundown, and the institutions need to expand to keep pace with the scientific advances of the day.

The administration has raised their 1959-61 appropriations 10 to 15 per cent over the present biennium.

That isn't enough, the university men told the committee. The University of Pennsylvania's Dr. Gaylord Harnwell said, for instance, Penn needs \$9,377,200 for the university itself, \$3,103,500 for its School of Medicine and \$1,603,900 for the School of Veterinary Medicine.

PSU On Wednesday

In the budget for these three units are \$6,305,013, \$2,462,400 and \$1,010,350 respectively.

STATE-AIDED COLLEGES ASK MORE FUNDS

HARRISBURG (AP)—The State aided universities and teachers colleges face a challenge in salesmanship in seeking more state money from an economy-minded Legislature and administration.

After five stitches were taken in his scalp, LaRue was booked on suspicion of assault, battery and disturbing the peace Sunday. The complaint was signed by his wife, Paddie, and Mrs. Osborn.

What started the argument at the home of friends was not disclosed.

Retires With Lathe He Used 30 Years

FLINT, Mich. (AP)—Many retiring employes go home with a wrist watch as a token of "well done" after their last day on the job.

Edwin W. Niedzielski, who retired after 41 years with Buick, went home with the two-ton lathe he had used for nearly 30 years.

Niedzielski bought the lathe from Buick for \$62. The auto firm paid \$3,414.79 for it back in 1929.

PICK BEAUTY QUEEN

ALTOONA, Pa. (AP) — Judy Criste, 19, a sophomore at the Altoona Center of Penn State University, will represent the central region in the Miss Pennsylvania contest this summer.

The blonde, blue-eyed lass was crowned Miss Central Pennsylvania Saturday night in an annual contest sponsored by the Altoona Junior Chamber of Commerce. Her home is in Cresson.

The first permanent annual Rose Bowl football game was held in 1916. Today, more people read a newspaper in one day than attend football games in an entire year.

would like \$9,377,200; the administration has proposed \$5,448,178. Temple asked \$6,592,600; it is down for \$4,413,509.

The 14 teachers colleges have been allocated \$19,050,000.

Still to come is the pitch by Pennsylvania State University, scheduled for Wednesday.

It was granted \$34,227,335 by the administration, well under the nearly 44 million dollars it requested.

When the schools went before the Legislature in 1957, they got almost exactly what the administration asked and that's all. The chances are they will fare about the same this year.

Clobbered With Telephone, Mop

GARDEN GROVE, Calif. (AP) When actor Lash LaRue hit his wife during a domestic argument she picked up the telephone, police report.

But she didn't call anyone. She socked him with it.

Then, officers said, LaRue's sister-in-law, Mrs. J. M. Osborn, clobbered him with a mop.

After five stitches were taken in his scalp, LaRue was booked on suspicion of assault, battery and disturbing the peace Sunday. The complaint was signed by his wife, Paddie, and Mrs. Osborn.

What started the argument at the home of friends was not disclosed.

**DUBOIS GETS
FACELIFTING
DURING WEEK**

By KEN HOFFMAN
DuBois Courier-Express
Staff Writer

DUBOIS, Pa. (AP)—A gigantic spring housecleaning gets underway today in this western Pennsylvania community of 12,000.

DuBois citizens, like those in other communities, want progress. They want new residents to make their homes here; new business to serve these people; and new industries to employ them.

But this progress has not been taking place.

First Big Clean-up

Interested citizens decided that clean, tidy streets and residential sections, bright store fronts, and a general neat, well-kept appearance are key selling points for prospective residents. DuBois could use a face-lifting.

The idea which sparked this answer to the "progress" problem belongs to Marvin L. Bloom, general manager of the local daily newspaper, the Courier-Express. It is simply, "Clean-up DuBois."

It will be a big step ahead from the small scale "clean-up" staged each spring for the past fifteen years without organized civic support.

Launched Today

The DuBois Board of Trade joined forces with Bloom and the Courier-Express several months ago and together they set in motion

Housewife's Job Most Demanding

SALT LAKE CITY, (AP) — The little woman may have good reason to complain of a headache after a day of housework.

A Los Angeles eye expert, Dr. James R. Gregg, told the Utah Optometric Assn. Sunday a survey of 200 occupations showed the housewife's job is more demanding on the eyes than any other.

They began by appointing John Wood, Rockwell Manufacturing Co. executive, as "Clean-up" chairman, to plan and organize a campaign which would obtain the necessary results. From all indications, he has succeeded.

Today, a five-week campaign is being launched which is geared to awaken every resident to the importance of the community job.

To Plant Trees

Business district streets will be given a thorough cleaning. Liberty Blvd., the main entrance to the business section, will receive a much-needed face-lifting. A city-wide pick-up day and scrap drive are set to go.

There will be a tree-planting day when an "official tree," which was selected by the votes of local residents, will be placed throughout the city.

Days for inspections by the fire chief and the city health officer will be held, as well as a day when the local industries do their part.

These, plus the many personal contributions of improvements by an aroused citizenry, assure the success of "Operation Clean-up."

MURPHY BUYS STORE CHAIN

Through a cash transaction Morgan and Lindsey, Inc., a variety store chain, became a subsidiary of G. C. Murphy Company, according to an announcement by W. C. Shaw, chairman of the board, and J. S. Mack, president of the Murphy Company, and C. V. Lindsey, chairman of the board, and E. E. Latham, president of Morgan and Lindsey.

Morgan and Lindsey has progressed steadily since its founding in 1921. The company was incorporated in 1946, when it had grown to 60 stores, and continued its progressive expansion into its present operation of 92 units, with 7 additional stores under lease or construction. The stores are concentrated in Louisiana, Mississippi, Arkansas and Texas, with a merchandise warehouse in Monroe, Louisiana, and the Home Office in Jasper, Texas.

In commenting on the sale, C. V. Lindsey, chairman of the board and one of the founders of Morgan and Lindsey, described the transaction as "a splendid opportunity for our organization to progress at an even faster pace."

G. C. Murphy Company, headquartered in McKeesport, Pa., operates 324 stores in 17 states and the District of Columbia. They have no stores in the states in which Morgan and Lindsey units are located.

Says Teamsters Will Honor Lines

HARRISBURG (AP) — Teamsters president James Hoffa says he believes individual teamsters will, in the event of a steel strike, honor steelworkers picket lines and refuse to move stockpiled supplies.

Hoffa, here for a meeting Sunday with Pennsylvania Teamsters locals, indicated to newsmen that such action would not be a formal one of the Teamsters International Union, although it would have his blessing.

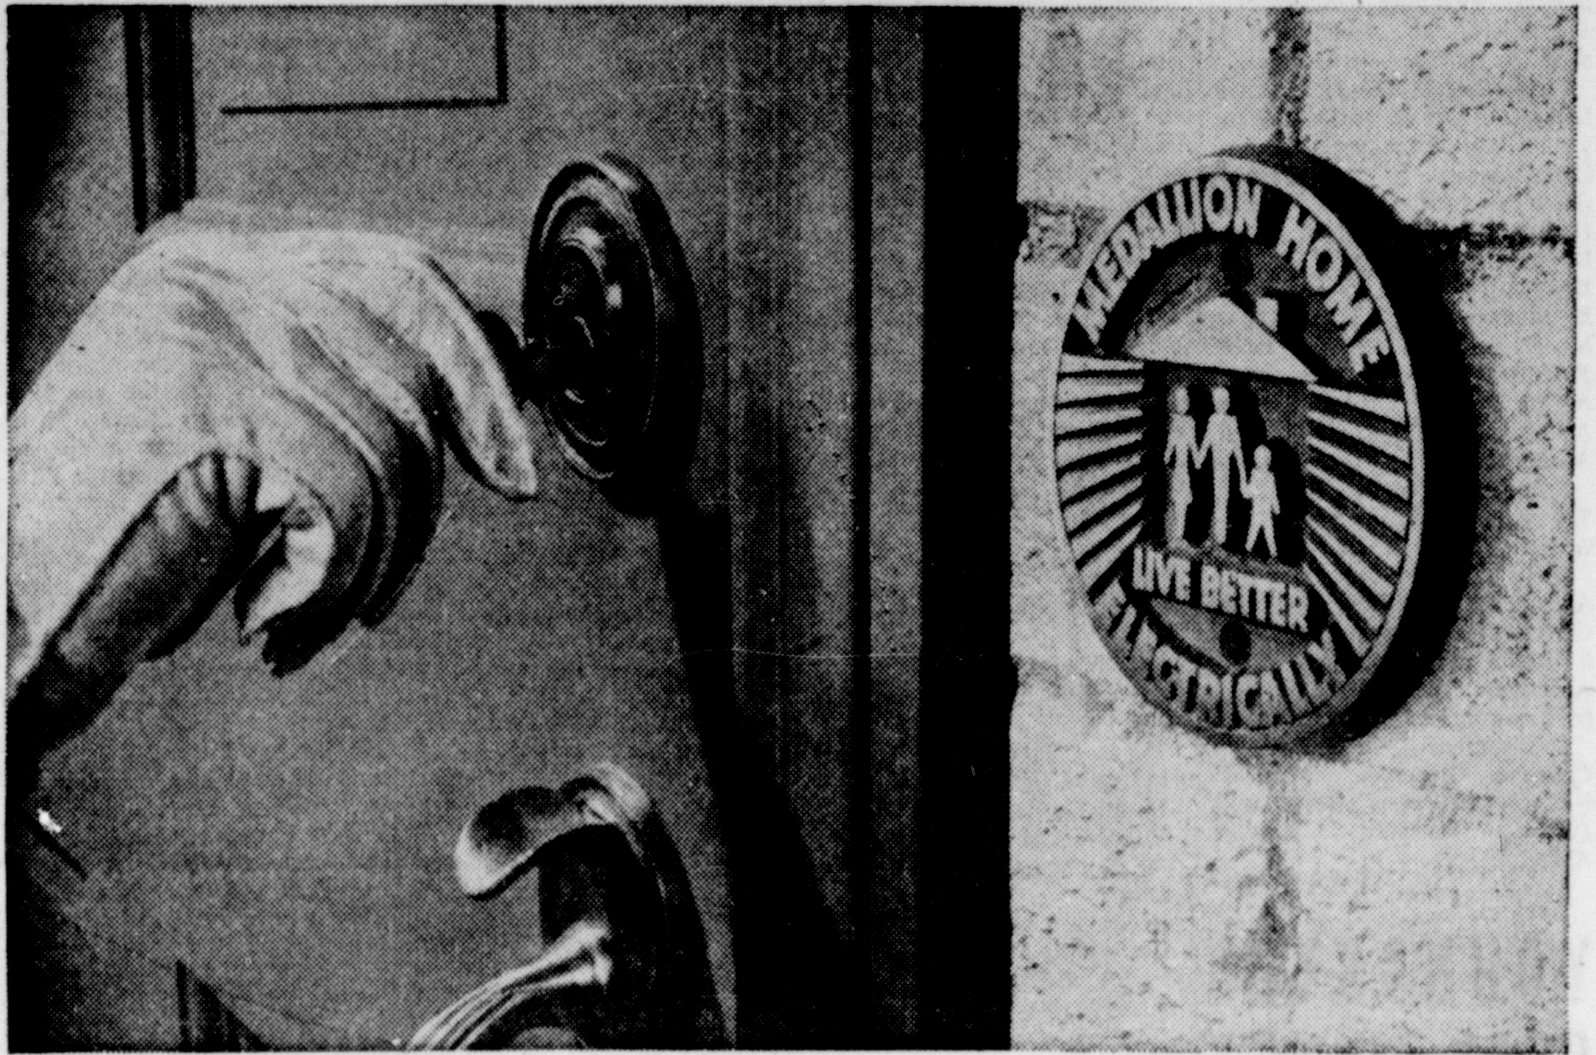

He said he felt that inability by steel companies to move their supplies would deprive them of one form of economic pressure against the United Steelworkers Union in the event of a strike.

The USW and the nation's major steel firms are to begin contract talks in New York next month.

Public Must Take Cover In Air Raid Alert On Friday

HARRISBURG (AP)—Pennsylvania joins with the rest of the nation in a practice air raid alert Friday with state civil defense officials taking a back seat.

"This alert will find state headquarters a participant rather than an all controller," said Craig Williamson, operations officer.

"We want this operation to be one between the county and local municipalities with us here at headquarters sort of just looking on."

Radio, TV Off Air

He said the alert will be sounded between 9:30 a.m. and 5 p.m.

All radio and television stations will go off the air for a half hour starting at 11:30 a.m. The only exceptions will be those with Conelrad Broadcasts. Conelrad means "control of electro magnetic radiation."

It is designed to prevent a potential enemy from making a false broadcast intended to confuse civilians during an attack. The Conelrad outlets on your radio dial—1240 and 640—are designed to inform the public of what to do in such an emergency.

The public will be required to take cover during the test. The alert signal will be a five-minute steady blast on sirens or other warning devices.

Instructions On Conelrad

"This signal will merely tell the nation that theoretically civil defense headquarters has something to tell the people and they should tune in on the radio for further instructions on Conelrad," Williamson explained.

The "take cover" signal will then sound. It will come as a warbling blast on sirens for a duration of three to five minutes.

After an interval of cover during which a make-believe enemy air raid will be taking place the all clear signal will be sounded and the mock raid will be completed.

Governor To Talk

During the Conelrad test, Gov. Lawrence will speak to Pennsylvanians.

Although the first signal will instruct the public to tune in on the radio, unless the test comes between 11:30 and noon, no Conelrad broadcast actually will be heard.

Under the plan, the first signal from national headquarters will be received in Pennsylvania at the Harrisburg civil defense headquarters. This signal immediately will be sent out to the three state district headquarters at Butler, Selinsgrove and Lehigh and also to each civil defense receiving station in the Commonwealth.

"We will not have any control center communications drill under this alert plan," Williamson said.

IN FUSS ABOUT GILBERT'S PAY

HARRISBURG (AP)—Aud. Gen. Charles C. Smith has refused to approve payment of \$1,019 in salary and expenses for an athletic adviser to the State Agriculture Department.

The department hired Harold R. (Ike) Gilbert as a consultant on athletics while it was installing basketball facilities at the state farm show building.

Smith contended that Gilbert is not entitled to the money because he was drawing a salary from Pennsylvania State University at the time he was employed as the Agriculture Department Adviser.

Gilbert is former graduate manager of athletics and business manager of athletics at Penn State.

William L. Henning, agriculture secretary, said that "Ike has done a good job for us."

"He is a good man and his expenses and salary are not exorbitant. There is nothing wrong with his expenses," Henning added.

Governor Backs Workshop Plan

HARRISBURG (AP)—Ten community workshops for the mentally retarded would be set up under a \$240,000 program Gov. Lawrence has asked the Legislature to back.

Lawrence said in a weekend statement that the funds would allow the state to provide money and advice to communities for expansion of present workshops or establishment of new ones.

The proposal is part of the governor's record \$1,907,000,000 budget.

"These training programs do not involve the expenditures of large amounts of money," Lawrence said in a statement.

"But the lack of such programs is costly to the individual who must remain in the hospital even though he has received all the benefits it can give him and to the state which must continue to maintain him."

INDIAN TOWN GAP, Pa. (AP)—Pfc. Ralph Charles Fry, 31, of New Bloomfield, collapsed and died Sunday at this military reservation while on weekend duty with the Pennsylvania National Guard.

Headquarters of the 28th National Guard Division said Fry was at breakfast when he collapsed, apparently of a heart attack.

And the top cost would be only 40 cents, plus 25 cents for parking, compared with the present 79 cent maximum for those using the bridge line. At present, however, public transportation from the bridge to southern New Jersey points is not integrated.

WASHINGTON (AP)—Just how much of a looking over will the Internal Revenue Service give my income tax return for 1958? A lot of people may be wondering that, since the deadline for filing returns is Wednesday.

This year, IRS says, there will be returns from around 60 million individuals, 975,000 corporations, and a million partnerships, plus 20 million employment tax returns, and 3 million returns on federal excise, alcohol and tobacco taxes. There will be 260 million documents involving those returns.

Lot To Look Over

That's a lot of looking over for the 50,000 people employed by IRS in its nine regional, 64 district, and 900 branch offices. Of the 50,000, about 15,500 are auditors but a lot of the others are used in checking returns.

In the case of some of the biggest corporations, IRS assigns three to five agents all year around because they have complexities never dreamed of by an individual taxpayer.

Last year 2,841,000 returns—including 159,000 from corporations—were completely checked. This means more than just checking

the arithmetic. A complete check means auditors went over the books of corporations or the records of individuals.

This year about 30 million people will have used the short-form 1040 because they made less than \$10,000 in salary and fitted other requirements for using this simple return. These get looked over to see that the exemptions tally.

Electronic Checker

But they can be run through electronic computer machines which not only can determine the tax but can figure out whether you overpaid or still owe some tax.

All those reporting income over \$10,000 not only get their arithmetic checked but also get a going over by an experienced agent to see whether the return should be accepted or turned over to an auditor for deeper examination.

The auditing can be done by calling in the taxpayer for a conference or sending an agent to his home or office to examine his records. The 2,841,000 returns audited last year brought the government an extra 1½ billion dollars.

Two Million Errors

Last year IRS found 1,905,000 errors in making the simple arithmetic check. Of that total, 1,245,000 taxpayers had made errors in their own favor. IRS usually tries to get a delinquent taxpayer to file a return. If he doesn't, IRS can file it for him and then set out to collect.

What happens if IRS audits your return and then decides you owe more tax?

You are notified but you can ap-

peal to IRS.

First, through a conference with the agent who examined your return and with his supervisor. Then if you are still not convinced, with special technical advisers who work in IRS separately from the agents.

Appeal Or Pay Up

If after all this you and the service still don't agree, IRS will issue what is called a statutory notice this means within 90 days you must appeal to the U.S. tax court or pay up.

Suppose you ignore the 90-day notice, don't appeal, and don't pay up. IRS presents you with a bill. Then either you pay or IRS will try to collect by seizing your salary, your car, or other possessions.

Last year IRS issued 73,000 statutory notices. But 66,000 people who got them paid up within the 90-day limit. That left 7,000 to fight it out in court.

In case of a downright evasion of tax a criminal charge can be made. But out of 60 million taxpayers, IRS says, only about 1,000 face criminal action each year.

HAZELTON, Pa. (AP)—President Victor C. Diehm of the Northeast Pennsylvania Industrial Development Commission said Sunday the NPIDC is supporting Gov. Lawrence's plans for a State Council for Economic Development.

The proposal, being studied by the House Committee on State Government, would create a 15-member council to analyze economic trends and recommend state policies in this field.

Be on your guard! TERMITES ARE SWARMING NOW!

The first danger signals have been sighted—termites are on the march again! Every year at the first sign of warm weather, termites begin to swarm—breaking away from the old, established nests underground and flying off to start countless new colonies of dangerous, wood-destroying insects.

Why are termites so dangerous?

Termites do their destructive work in secret. They tunnel through the wooden supports of your home—the floor joists, the beams, any wood construction—working upward and spreading outward, destroying more and more of your home in their ravenous search for food... any wood they can find!

Is any home safe?

Yes, a home that is completely insulated against termite attack. Leave just one avenue of entrance open, and the termites will find it. That is why ordinary efforts to combat termites fail. The objective of Terminix—world's largest termite control organization—is to establish an unbroken blanket of chemical around the entire foundation of your home; pressure-treat the wood construction at vulnerable points with a special, patented Terminix chemical and so to create an effective barrier. Terminix has protected over 250,000 homes and other buildings from termite attack.

Teamsters Would Aid Steel Strike

HARRISBURG, Pa. (AP) — Teamsters President James R. Hoffa says he believes individual Teamsters will, in the event of a steel strike, honor Steelworkers picket lines and refuse to move stockpiled supplies.

Hoffa, here for a meeting with Pennsylvania Teamsters locals, indicated such action would not be a formal one of the Teamsters Union, but it would have his blessing.

He said he felt that inability by steel companies to move their supplies would deprive them of one form of economic pressure against the United Steelworkers Union.

The USW and the nation's major steel firms are to begin contract talks in New York next month.

Wife Wounded By Hubby; He Suicides

JOHNSTOWN, Pa. (AP)—Mrs. Helen Branick of nearby Vintondale remained in serious condition today with a bullet wound in her back. Police said her husband, Frank, 48, fired the shot before killing himself.

Mrs. Branick, 45, was wounded as she walked along a Vintondale street Sunday night en route to work at a VFW club. Her husband's body was found a short time later in the back yard of their home.

Police said they were unable to find a motive for the shootings.

York Church Likes Occasional Jazz

YORK, Pa. (AP)—A York Episcopal church congregation likes an occasional "jazz mass."

The Rev. James B. Trost, pastor of St. Andrew's Episcopal Church, said his check at the end of a special jazz service Sunday showed "more people liked it than disliked it."

"All found it interesting," he said, "but few wanted the new approach to worship services as a steady program."

The York mass used records of the music played last Sunday by a jazz combo at a much publicized Norwalk, Conn., church service.

About 250 people attended the special service.

YORK, Pa. (AP) — The Rev. Dr. Norman L. Hummel, York, will retire as superintendent of the Central Pennsylvania Conference of the Evangelical United Brethren Church during the Group's annual meeting April 28-May 2.

No successor has been named.

TOLEDO, Ohio (AP) — Quite by accident, 22-year-old Larry Roberts literally lent a hand to a woman motorist whose car couldn't get traction in the snow. As he tried to place a piece of canvas under a wheel, the woman gunned the motor, ran over his hand and drove away. Roberts went to a hospital for treatment.

TOKYO (AP) — Rescue squads began scaling an island mountain off the South Korean coast today to inspect wreckage believed that of a missing U.S. Navy plane with 10 Americans aboard.

The plane left Iwakuni Air Base in Japan early Thursday on a training flight and was last heard from that afternoon near Cheju off the southern end of South Korea.

3 High Schools Quit Grid League

HAZELTON, Pa. (AP) — Three Wilkes-Barre high schools unexpectedly and without explanation have withdrawn from the Eastern Pennsylvania Interscholastic football Conference.

The withdrawal of Meyers, G. A. R. and Coughlin high schools came at Saturday's spring meeting of the 52-member conference. Frank Thornton of Shamokin retired after 26 years as conference president. James Boran of Minersville was elected to succeed him.

John Yonkody of Swoyersville was elected secretary - treasurer and Stan Kubeck of Blakely vice president.

HEADS GIDEONS

LANCASTER, Pa. (AP) — Titus Gross of Doylestown is the new president of the Pennsylvania Gideon Society. He was elected at the association's 54th annual convention Sunday.

Willard Harris of Schuylkill Haven was elected vice president of the state group, which is part of the national organization that places Bibles in hotel rooms.

SYDNEY, Australia (AP) — An estimated 50,000 persons attended the opening of Billy Graham's crusade Sunday.

Hundreds waited several hours for the gates to the city show ground to open. Thousands of automobiles and some 400 special buses created one of the largest traffic jams Sydney has experienced.

An official said 3,036 persons made "Decisions for Christ." The Rt. Rev. Ronald Kerle, coadjutor Anglican bishop of Sydney, said Australia's Christian churches never had such unity as under the crusade's banner.

BERLIN (AP) — Communist East Germany today put on trial five university students charged with plotting an armed attempt to overthrow the satellite regime.

Radio East Berlin said the trial was only the first in a series. About 20 students from the University of Dresden were arrested last February, charged with complicity in the so-called counter-revolutionary plot.

The university rector, Prof. Werner Gruner, has invited three students from West Berlin universities to attend the first trial as observers.

News Briefs

CALLAO, Peru (AP) — Four men from three nations headed West into the Pacific today in hopes the wind and ocean currents will carry their raft to the South Sea isles.

The sail-equipped raft Cantata II is skippered by Edward Ingris, 45, of Czechoslovakia. He is accompanied by Jose Matause, 37, another Czech; Joaquin Guerrero, 37, of Argentina; and Jaime Toledo, 34, of Peru.

Several adventurers have made the crossing since Thor Heyerdahl, a determined Norwegian, rode the raft Kon-Tiki with his companions from Peru to the South Pacific.

LONDON (AP)—Former Prime Minister Anthony Eden has suffered his second attack of his long-time liver ailment since returning from a rest in Mexico last month.

Sir Anthony was ordered to take things easy, dampening speculation he might re-enter politics as a member of the House of Lords.

VATICAN CITY, (AP) — Pope John XXIII created the first saints of his reign Sunday, elevating a Franciscan lay brother and a Spanish nun to sainthood.

The pontiff canonized Carlo d'Assese (1613-1670), who was known

for his piety, and Sister Giocchina de Vedruna de Mas (1783-1854), who founded the Carmelites of Charity.

The remains of St. Pius X arrived meanwhile at St. Mark's Cathedral in Venice to rest there a month.

LONDON (AP) — The villagers of Longford plan a nighttime telephone campaign to keep the jet age from disturbing their sleep.

They are going to waken government and airlines officials they believe responsible for approving the 1:30 a.m. departure of one of Pan American World Airways' Boeing 707 jets from London airport. The daily flight to New York begins April 27.

The jet normally will pass right over the village of 3,064 persons.

The Longford sleepers are particularly angry because the flight's departure was switched from day to night so the jet could land during daylight hours in New York.

BAD KISSINGEN, Germany (AP)—A 56-year-old German housewife was killed by a tombstone falling from her brother's grave. Police said Mrs. Charlotte Christoph was tending the grave when the large stone toppled over.

They said the stone probably had been loosened by rain and thrown off its base by a gust of wind.
